## Supervised Care

Supervised Care is a paid service that we provide for children that will be on-site prior to, in-between or after camps are in session. We offer three different supervised care sessions:

- Morning Session, before camps 8 – 9AM
- Mid-day Session, in-between camps 12 – 1 PM  
***(Please note: lunch is not provided. Please send a lunch with your child.)***
- Afternoon Session, after camps 4 - 5PM

Each session costs \$30 per week of camp; \$60 for 2 sessions; \$90 for 3 sessions. If your child is enrolled in both morning and afternoon camps, you must purchase and enroll them in a Supervised Care session.

**\*Supervised Care is not available to Summer Teen Studio participants. ASLD is an open campus for teens (ages 14-17) participating in Summer Teen Studio programming.**

ASLD does also have a vending machine that accepts one dollar bills and change. If you are sending your child with money for the vending machine, please send them with quarters (preferred) or one dollar bills. The office is unable to make change from any fives, tens or twenties. If you have lost money from the vending machine, you must contact the Fresh Healthy Vending Machine Co. at 303-550-5014 for a refund. ASLD cannot issue cash reimbursements.

## Off-Site Camps and Field Trips

By enrolling your child in certain ASLD summer camps, you are giving us permission to allow your child to participate in off-campus field trips and activities. Camps will always indicate if this will occur in the course descriptions. Please contact the instructor if you have any questions about the camp schedule and off-site locations.

## Disciplinary Policy

To ensure that everyone has an enjoyable camp and class experience, disruptive behavior or disciplinary problems will not be tolerated. At the discretion of ASLD, disruptive students may be expelled without refund.

The discipline procedures are:

1. Disruptive behavior will be redirected by camp instructor(s).
2. Chronic disruptive behavior will be documented and the student(s) will be sent to ASLD's main office. A copy of the documented behavior is given to the parent along with some discussion from the staff regarding the child's behavior.
3. In cases where a child receives two behavior reports, a conference will be scheduled to discuss the child's continued participation in the program. In some cases, it becomes necessary to dismiss a child from ASLD KidART Camp. If this occurs, parents will be asked to find alternative care immediately.

**By enrolling your child in summer camp, you are agreeing to the above policies.**

## Safe Art Practices

We are delighted that your children will be attending ASLD KidART Camps this summer. In addition to engaging each child's imagination and introducing basic fundamentals of art, our teachers will also be emphasizing SAFE ART practices, introducing a lifetime of SAFE ART making.

In 2009, ASLD made a commitment to work toward teaching SAFE ART practices and providing safer studio environments for our students and faculty artists. Working in partnership with the University of Colorado's School of Public Health, nationally recognized toxicologist, Dr. Danny Teitelbaum, and Waste Management's toxic waste expert, with initial funding from the Colorado Health Foundation, a comprehensive assessment was made of our KidART Camps and adult classes. The assessment report included recommendations which are now beginning to be implemented.

We want you to feel comfortable and informed about the following recommendations that will be initiated as part of our youth programs:

- Non-toxic art materials will be used with teachers giving instruction about their use and disposal.
- No food or drinks will be allowed in the studios.
- A bin with each studio number will be placed outside of every studio and will be available for your child to drop her/his drink, snack or lunch. **Please be sure that your child's name is clearly printed on the items. If they bring a lunch box, be sure they have it when they leave!**
- Food allergies are a growing concern--nuts and peanuts can cause allergic reactions, many of which are severe. It has always been ASLD's top priority to ensure the safety of every child during KidART Camp. Therefore, we are ask parents to send nut free lunches and snacks only.
- Before eating, teachers will require that children wash their hands.
- Depending on the art media used, a few classes will require that children wear Nitrile gloves (impenetrable material containing NO latex). These gloves will be furnished by ASLD and distributed by the teacher.
- Recycle boxes will be placed in each studio.

The SAFE ART Initiative is unique and will be a model for other schools. If you would like more information, please inquire at our front desk.

## Artwork and Photo Release

By enrolling your child in an ASLD summer camp, you are giving us permission to use your child's artwork and photograph to market future KidART Camps and other ASLD marketing and promotional materials.
