All registrations are completed on a first-come first-served basis.

## FAQs for Summer KidART Camp & Teen Registration 2017

### Do I need to create a new account if my children have attended camps in the past?

Yes! We are using a new registration system and you are required to “Create an Account” with a **new password**, the first time you log into our new online registration site, even if you had a membership number and online account in the past. After you activate your online account, you will be connected to your account history. Be sure to use the same email address you used for your previous account. Hover over the icon in the Password Field to learn about the new password requirements. *The only exception to this rule is if you have used our online registration system since August of 2016.*

If you have already created an online account since August of 2016 but forgot your password, please select “Forgot Password?” on the Login page and follow the prompted steps.

### Does my child need a membership in order to be registered for a camp?

Yes! All students attending KidsArt Camps and Teen Studio Camps must be current members. The Youth Membership is \$18 per child. ASLD offers a Household Membership for \$100 that covers every member of your household living at the same address.

**ASLD memberships must be purchased in a separate transaction** before registering students for summer camps.

### Can I register and pay for several children in one transaction?

Yes! First, create a contact in your account for each child. Be sure that the correct name is selected in the “Select Student” field on the registration page for a particular camp. Continue shopping following the same steps, changing the student names as needed. When you are ready to pay, you should see your name listed at the top of the Shopping Cart page. If your name is not at the top of this page, click on “Step 1 – Change Purchaser” and select your name before processing payment.

### My child has special needs or medical issues. Who do I contact to make sure this information goes on file?

Please see the KidsART Camp Parent Handbook for the ***Additional Medical Information/Special Needs Form***. This form should be completed and given to the camp instructor for each camp on the first day.
