

ART STUDENTS LEAGUE OF DENVER

I'm going to see Movable Medley at ASLD!

North parking lot, located on Grant St. between 2nd & 3rd Ave

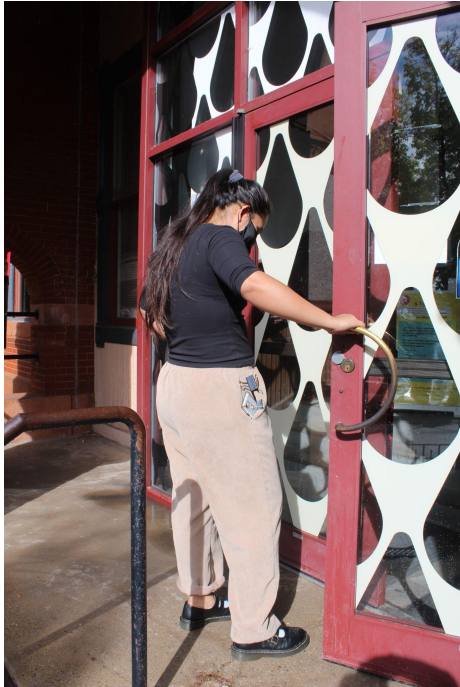

South parking lot, located on 2nd Ave directly next to the ASLD main building

If I am driving to the exhibit, I can park in one (1) of ASLD's two (2) parking lots, or on the street wherever designated.

Accessible parking is available in the South parking lot.

I can enter the building through the front doors of the main building.

I can also take the ramp to the accessible entrance.

Once I am inside, I will see art right away! There will be pedestals with books placed all throughout the first and second floors.

First floor

Second floor

There will be many artists books to look at. I can read the printed exhibit guide to learn more about each piece.

If I have questions, I can go to the Registration Desk. There will be a staff member working there who can answer my questions.

Some of the art is fragile and I will not be allowed to touch it. There are other pieces that I can touch. I want to keep the art safe, so I will be gentle with the artwork and not touch anything I am not supposed to!

The artist books will be displayed on pedestals. I will walk around the pedestals carefully to avoid knocking them over.

There may be many other people who want to see the exhibit too. If there are too many people in one area, I can go to another part of the exhibit.

I can use the stairs or the elevator to go from one level of the building to another.

There might be a lot of noises inside ASLD, like people talking and old floors creaking. I can leave an area if it is too loud.

I will also use my inside talking voice to make sure it is not too loud for any other visitors.

If I need a bathroom break, I can find a bathroom.

There is one on each level of ASLD.

I can also take a break and sit down if I need to. There are chairs on the first and second floors of ASLD.
